## Misty s tears card

ive been looking on their eyes to buy one of four tears in the Japanese eye and I found one for a good price because the seller took my best offer. Then I realized after buying this one is adorned as tears in Misty's eye hanada pile gymnastics 1 is no symbol while others are just missing misty tears. The only difference I see is that there is no symbol not showing the hate point on the bottom right. Is there a real difference? is one more rare? I would also like to point out his psa ranked with the Tears title Hanada City Gym City Gym DK.TRNR. compared to all the others ive seen that just tell Tears Misty's Dars so obviously a difference I just don't seem to know what (yet other than the lack of a symbol on one)editor: its pics of the one im talking about vs pretty much any other onwards see 2 4 comments this product is now out of stock.
